# sustainability

Driven by our unwavering commitment to environmental protection within the real estate sector, we establish and maintain high sustainability standards. Every project reflects these standards, epitomizing ecologically aware developments that emphasize not only the reduction of a negative impact but also the enhancement of the surrounding environment. Green practices are evident in our technical and design elements, offering a comfortable yet ecologically responsible lifestyle.

- Landscaped gardens create green habitats within the urban setting, creating a pleasant environment and naturally enhancing air quality;
- Prioritizing bioclimatic architectural design – utilizing natural elements, design orientation and large windows to enhance natural indoor light and air circulation;
- Photovoltaic panels that convert solar energy into electricity and reduce energy consumption – supporting energy self-sufficiency;
- Use of energy-efficient construction materials, high-performance insulation, energy-efficient lighting, and double-glazed windows;
- Class A building rating for energy efficiency.

# immigration opportunities

## Fast track Cyprus permanent residence by investment

The Cyprus Permanent Residency Program (PRP) grants the right to travel within the EU with less elaborate visa requirements and obtain Cyprus citizenship

### 1. major advantages

- issued within 4 months
- life-long validity without need for renewal
- granted to all direct family members of the applicant, including spouse and children under 25 years old
- no residency requirements other than to visit Cyprus once every two years
- Allows to have a business in Cyprus and receive shareholder dividends

### 2. main terms & conditions

**the applicant must proceed with an investment of min €300.000 + VAT in one of the following categories:**

**A.** investment in house/apartment of at least €300.000 + VAT from a land development company and should be the first purchase, therefore it will bear VAT. Note that the applicant may purchase up to two (2) units (apartments or houses), that are sold by land development companies (not necessarily from the same developer) for the first time.

**B.** investment in other types of properties (excluding houses/apartments): such as offices, stores, hotels, or a combination of such for a total of €300.000. These types of properties can be resale.

- **note 1:** if the investor sells or in any way, parts with his investment without its immediate replacement with another investment of the same or higher value (provided that this investment also fulfills the requirement above) then a procedure for removal of the Permit will commence.

- **note 2:** at the time of submission of the application, €300.000 (excluding the VAT) must be transferred in settlement of the property and the contract of sale must be registered at the Land Registry Office.

- **note 3:** evidence must be provided that funds are coming from abroad and are not the product of internal lending (i.e. from CY bank). If the applicant invests in a residential property, his income must be entirely from abroad. If the applicant chooses to invest in 2(B), his total income or part of it may also arise from sources originating from activities within the Republic, provided that it is taxable in the Republic.
